

Johnny Works with His Hands

Johnny works with one hammer, one hammer, one.....
Up and down, up and down goes Johnny's thumb!

Johnny works with two hammers, two hammers, two.....
Next thing you know, pointer finger joins the groove!

Johnny works with three hammers, three hammers, three.....
He adds tall man to make a trio of three!

Johnny works with four hammers, four hammers, four.....
Ring man joins cause he said he was bored.

Johnny works with five hammers, five hammers, five.....
Now his whole hand is doing the jive!
