

Early Childhood

Half Entertained Album **Track 1: Walk it like an Animal #1**

Some animals climb. Some barely move. Some animals crawl. This is an animal groove! (Hey!)

Walk it like an animal. Walk it. Walk it like an animal. (x4)

Hang your arms long. Hands drag the ground. Swing from tree to tree. Be a monkey now! (Hey!)

Swing it like a monkey. Swing it. Swing it like a monkey. (Monkey sounds)

Swing it like a monkey. Swing it. Swing it like a monkey. (Hey!)

(Repeat)

Monkeys are funny. Often seen in zoos. From the land from down under, it's a kangaroo.

Make your arms short. Bounce on your toes. Take big jumps! That's how the kangaroo goes. (Hey!)

Jump it like a kangaroo. Jump it. Jump it like a kangaroo. (Boing!)

Jump it like a kangaroo. Jump it. Jump it like a kangaroo. (Hey!)

(Repeat)

Kangaroos can jump 6 feet in the air. This time around, it's time to be a bear!

Show your sharp teeth. Show your sharp claws. Now walk around. On your feet and paws.

Walk it like a bear. Walk it. Walk it like a bear! (Roar!)

Walk it like a bear. Walk it. Walk it like a bear! (Hey!)

(Repeat)

When bears hibernate, they sleep all the time. Sloths are last animal in this rhyme.

Let's all climb. In super slow-mo. Sloths are the slowest animal I know.

Climb it like a sloth. Climb it. Climb it like a sloth. (Slow.)

Climb it like a sloth. Climb it. Climb it like a sloth. (Hey!)

(Repeat)

Some animals climb. Some barely move. Some animals crawl. That was an animal groove.
